REPORT OF THE PROGRAM

1	Program Name	Goal setting (Soft Skill)2017-2018
2	Date of program duration	06-03-2017 to 07-03-2017
3	Resource person:	Gracious JM, Msc, Msw, LLB, Pgdc.
4	Participants	71
5	Objective of program	<p>The main point of setting goals is to help students take realistic steps to achieve them. Many educators find that using the SMART format—goals that are specific, measurable, attainable, relevant, and timely—is practical and reasonable, and keeps students on track.</p> <p>Goal setting helps students to be more aware of the learning that they are expected to experience. This awareness helps students to be engaged in the learning process. Mastery-oriented goals give students the opportunity to focus on learning standards and their own growth.</p> <p>The objective of goal setting is to help you break down your tasks, set deadlines and work towards meeting them. If one wants to achieve goals, one must set the correct goals. Proper goal setting is crucial for professional success as well as for personal growth.</p>
6	Programme description	<p>Goal setting involves the development of an action plan designed in order to motivate and guide a person or group toward a goal. Goals are more deliberate than desires and momentary intentions. Therefore, setting goals means that a person has committed thought, emotion, and behavior towards attaining the goal.</p> <p>Goal setting involves the development of an action plan designed in order to motivate and guide a person or group toward a goal. Goals are more deliberate than desires and momentary intentions. Therefore, setting goals means that a person has committed thought, emotion, and behavior towards attaining the goal. In doing so, the goal setter has established a desired future state which differs from their current state thus creating a mismatch which in turn spurs future actions. Goal setting can be guided by goal-setting criteria (or rules) such as SMART criteria. Goal setting is a major component of personal-development and management literature.</p> <p>The goals should be specific, time constrained and difficult. Vague goals reduce limited attention resources; goals require realistic time restrictions, illogically short time limits, intensify the difficulty of the goal outside the intentional level and, disproportionate time limits are not encouraging. As</p>

SIGMA COLLEGE OF ARCHITECTURE

Moododu, Anducode Post, Kanyakumari District

		long as the person accepts the goal, has the ability to attain it, and does not have conflicting goals, there is a positive linear relationship between goal difficulty and task performance
8	Outcome of this program	Goal setting presentation has shown positive results as an effective, and inexpensive to implement intervention for a broad range of academic purposes across a range of these students. Beginning with struggling undergraduate students, there is some evidence that when compared to a control group, students who had set general rather than domain specific academic goals experienced the following benefits in the semester after the intervention namely, increased GPA, Also the highlight of this program all the students understood the importance of the Goalsetting and started to set the Goal for their growth.

		intentional level and, disproportionate time limits are not encouraging. As long as the person accepts the goal, has the ability to attain it, and does not have conflicting goals, there is a positive linear relationship between goal difficulty and task performance
8	Outcome of this program	Goal setting presentation has shown positive results as an effective, and inexpensive to implement intervention for a broad range of academic purposes across a range of these students. Beginning with struggling undergraduate students, there is some evidence that when compared to a control group, students who had set general rather than domain specific academic goals experienced the following benefits in the semester after the intervention namely, increased GPA, Also the highlight of this program all the students understood the importance of the Goalsetting and started to se the Goal for their growth.

Submitted to Principal Date: 26.12.2017

From
Ms. Maria Anushiya,
Assistant Professor

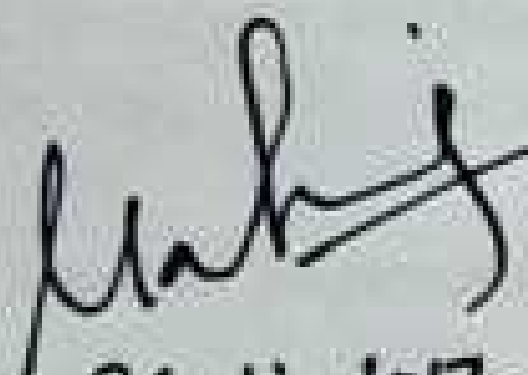

To
The Principal
SICA.

Respected Ma'am,

Sub: Requesting to conduct Five days training program 1st January 2018 to 5th January 2018.
With this I would like to bring to your kind information that we are planning to conduct a five days training program on "Quantitative ability" for the 1st year students.

Kindly grant us permission for the same.

Thanking you

Minutes of Meeting

Date: 29.12.2017

Time: 1.30PM To 2.00 PM

Venue: Principal's Cabin

ChairPerson: Ar Indira Kolli(Principal)

ArChinnadurai (HOD)

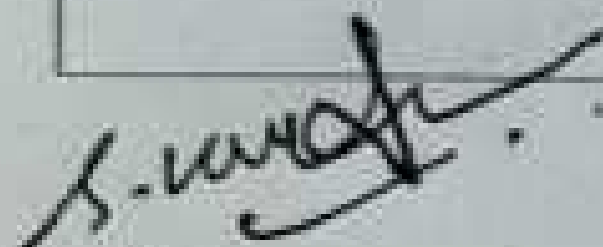

Staff Members: Ms.Maria Anushiya (Assistant Professor)

Milton (Lab Assistant)

The following points were discussed

- The chair person insisted about the program "Quantitative ability" which is going to conducted from 16.09.2019 to 20.09.2019.
- The program agenda was discussed by all the staff members present.
- The committee members were decided for organizing the program.
- The following works are allotted for the faculty members and student representatives to make the program a grand success.

Works allotted	Staff - Incharges	Student Representatives
Discipline , Circular, Brochure, Photo & Report, Chief Guest - Hospitality	Ms. Maria Anushiya (AP/B.Arch]	1. Ajay Vijay 2. Selzia 3. Vaishak Vikraman 4. Ansu Anna

REPORT

A 5 day "QUANTITATIVE ABILITY TRAINING PROGRAM" was conducted for the 1st year students from 1st January 2018 to 5th January 2018. The numbers of students enrolled in program were 47 students. The program started with the welcome address by the Head of the department Ar.Chinnadurai. The Principal Ar. Indira Kolli presided over the function. She expressed her knowledge on computer and she explained how mathematics is applicable in real life application and our studies activity. Then the session was handed over to the resource person Ms.Maria Anushiya. The sessions were conducted in the lecture hall at 1st floor. All the students participated and submitted the assignment which was given to them. The program turned out to be a successful one.

REPORT

A 5 day "QUANTITATIVE ABILITY TRAINING PROGRAM" was conducted for the 1st year students from 16.09.2019 to 20.09.2019. The numbers of students enrolled in program were 57 students. The program started with the welcome address by the Head of the department Ar.Chinnadurai. The Principal Ar. Indira Kolli presided over the function. She expressed her knowledge on computer and she explained how mathematics is applicable in real life application and our studies activity. Then the session was handed over to the resource person Ms.Maria Anushiya. The sessions were conducted in the lecture hall at 1st floor. All the students participated and submitted the assignment which was given to them. The program turned out to be a successful one.

REPORT

A 5 day "QUANTITATIVE ABILITY TRAINING PROGRAM" was conducted for the 1st year students from 27th December 2021 to 31st December 2021. The numbers of students enrolled in program were 26 students. The program started with the welcome address by the Head of the department Ar.Chinnadurai. The Principal Ar. Indira Kolli presided over the function. She expressed her knowledge on computer and she explained how mathematics is applicable in real life application and our studies activity. Then the session was handed over to the resource person Ms. Maria Anushiya. The sessions were conducted in the lecture hall at 1st floor. All the students participated and submitted the assignment which was given to them. The program turned out to be a successful one.
