**External Examiner**

Anto Geo Rahien, 4<sup>th</sup> yr at,  
Sigma college of Architecture,

Kuzhithurai, Tamil Nadu 629168

Dear Anto Geo Rahien,

**Subject: Internship Offer**

We are pleased to offer you an internship at **STUDIO ILIOS, Bangalore**. The internship will start on **1st July 2024** and last for **6 months**.

Please confirm your acceptance by signing below and returning this letter by **7th June 2024**.

Sincerely,

Principal Architect

Mallikarjuna

**Acceptance of Offer**

I, ANTO GEO RAHIEN, accept the internship offer with **[STUDIO ILIOS]**.

Signature: 

Date: 07-06-2024, FRIDAY

Date : 09-11- 2024

**Subject:** Completion of Internship by Anto Geo Rahien.G

I am pleased to inform you that Anto Geo Rahien , a student from your esteemed university, has successfully completed an 103 day internship at Ilios Design Studio from July 1st , 2024, to November 2nd, 2024.

During this period, Anto Geo Rahien demonstrated an excellent work attitude and a remarkable ability to quickly adapt to our fast-paced environment. His dedication and creativity has truly contributed positively to our projects.

We greatly appreciate the opportunity to have worked with such a talented individual from your university.

Best regards,

Mallikarjuna. N

Principal Architect

client - studio ilios

project - commercial

site - bengaluru , kalyan nagar

### DESCRIPTION

For the Studio Ilios commercial office building, the parametric and modern elevation design focuses on fluid, dynamic forms that give the structure a unique and contemporary look. The parametric approach allows for custom facade patterns, which can enhance the building's visual appeal and functionality by integrating optimized shading, ventilation, or even light filtration.

As part of the project , I have developed an intricate **parametric 3D model for elevation**

### DESIGN IDEA

Combining parametric and modern design principles in office building elevations creates a refined, futuristic aesthetic that marries form, functionality, and technological sophistication. This design choice aligns with the studio's forward-thinking ethos.

02

MIXED USE  
SKYSCRAPER

## MIXED-USE SKYSCRAPER

### DESIGN IDEA

A mixed-use skyscraper is a tall building designed to accommodate multiple functions, such as residential, commercial, office, hotel, and even recreational spaces, within one structure. This type of development maximizes urban space efficiency and creates vibrant vertical communities.

### DESCRIPTION

For the Brigade Group's mixed-use skyscraper, incorporating both vertical settlement and parametric design can yield a visually striking, efficient, and adaptive building that embodies innovation and modern functionality.

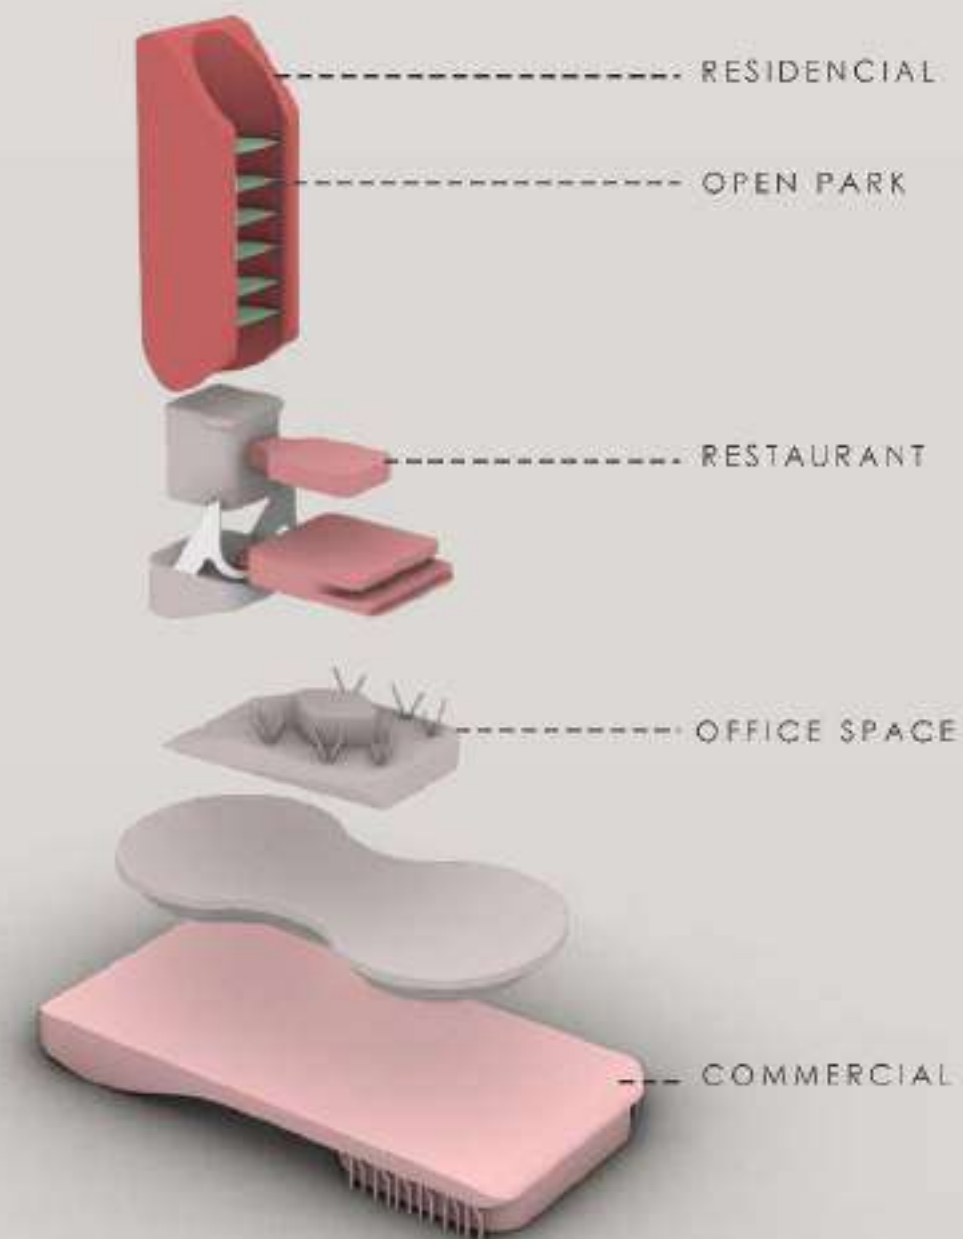

As part of the project, I have **collect data and design the skyscraper**

## VIEWS

## VERTICAL ZONING

03

UPSIDE DOWN  
HOUSE

## UPSIDE DOWN

client - Anirudh

project - museum

site - hessaraghat, Bangalore

### DESCRIPTION

An upside-down museum at an electric charging station is a unique concept that could turn an ordinary stop into a memorable destination. This fusion of modern and vintage styles would draw in curious visitors, adding both entertainment value and character to the space.

As part of the renovation project for DCP, Ramchandar residence, I have developed an intricate **concept and 3D model**

### DESIGN IDEA

An upside-down museum with a fusion of modern and vintage styles could create a striking and immersive experience. The building's inverted design itself, combined with stylistic contrasts, would offer an unexpected visual that's both nostalgic and futuristic, people in for exploration and photos.

## UPSIDE HOUSE VIEWS

---

## UPSIDE HOUSE VIEWS

---

## CLEAN X BOT

### DESIGN IDEA

smart ai cleaning bot . An AI-powered waste-cleaning bot for cities autonomously collects and sorts waste, navigates efficiently through urban environments, and uses machine learning to optimize routes and operations, promoting cleaner and more sustainable cities. The solution for efficient cleaning innovation for township and smart cities

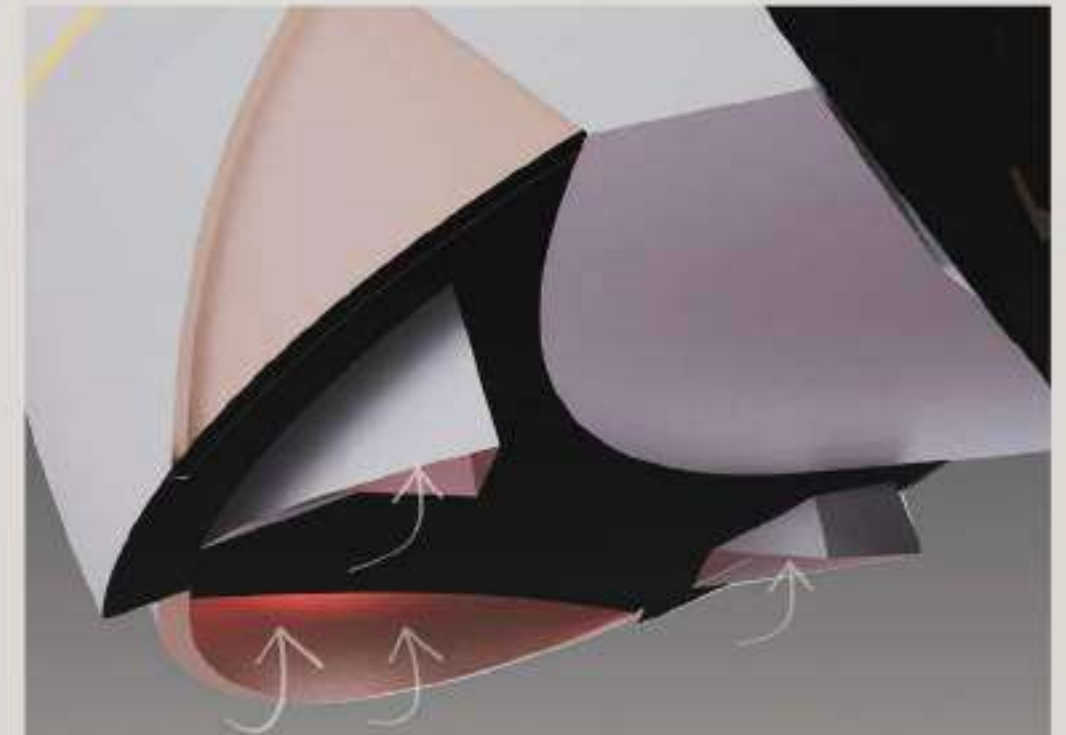

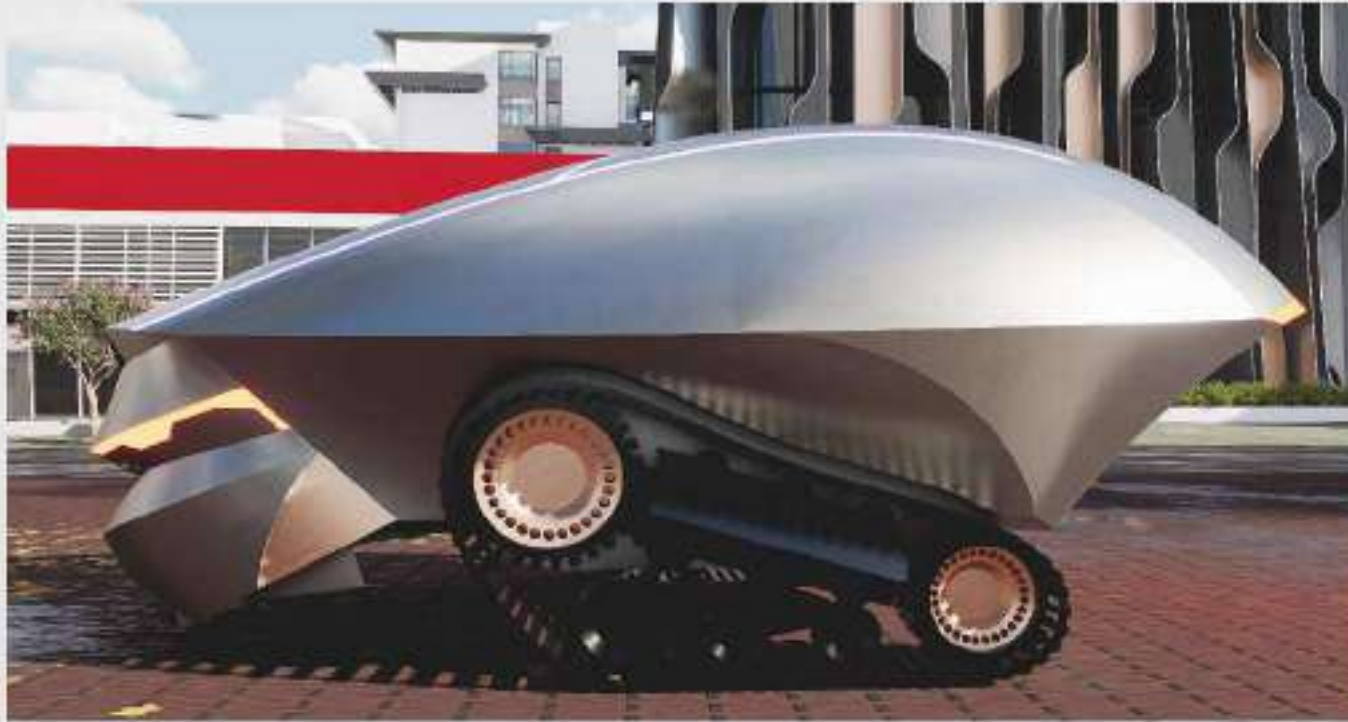

### DESCRIPTION

A smart AI-powered vacuum cleaning bot could be an innovative solution to tackle Air Purification and Carbon Filtering. Bangalore's waste management and air quality challenges. The city faces issues with uncollected garbage, irregular waste disposal, and rising pollution levels, primarily due to its rapid urbanization and population density

As part of the project , I have **collect data and design the clean bot**

## BOT VIEWS

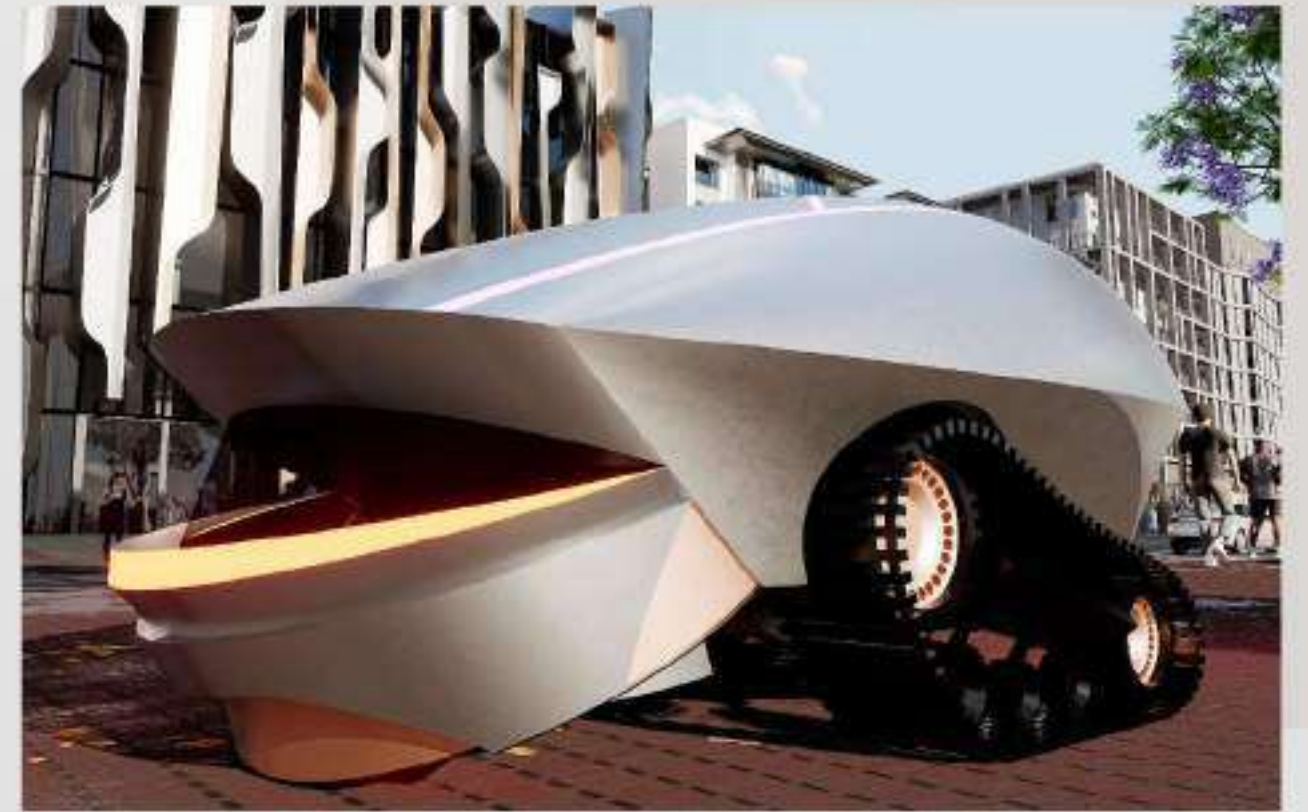

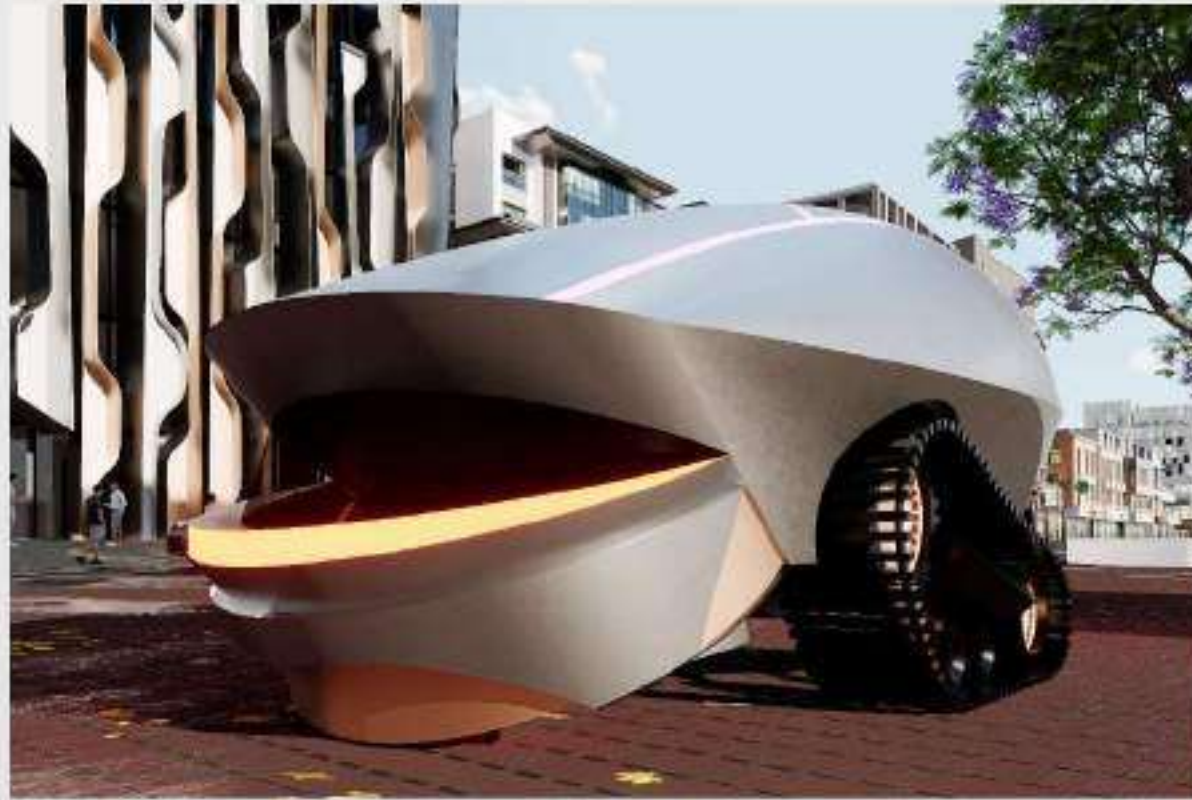

### **vacuum technology**

Autonomous vacuum cleaning robots are a fantastic innovation for maintaining cleanliness in townships and smart cities .

## BOT OPTION 2

---

**05** | AI- POWERED  
DUSTBIN

## AI-POWERED DUSTBIN

### DESIGN IDEA

Designed to autonomously navigate and collect waste, this intelligent dustbin could enhance efficiency and reduce the burden on cleaning staff, while providing a clean and pleasant environment for visitors.

### DESCRIPTION

A movable AI-powered dustbin could be a valuable solution for maintaining cleanliness and waste management in large commercial spaces like IT parks, airports, and shopping malls. Designed to autonomously navigate and collect waste, this intelligent dustbin could enhance efficiency and reduce the burden on cleaning staff.

As part of the project , I have **collect data and design the clean bot**

## AI DUSTBIN-VIEWS

## D.CP.RAMCHANDAR

client - dcp.ramchandar

project - residence renovation

site - bengaluru , kalyan nagar

### DESCRIPTION

The DCP, Ramchandar Project is a residential renovation project that embodies the principles of minimalist design. This approach focuses on simplicity, clean lines, and a thoughtful use of space to create an uncluttered, serene environment

As part of the renovation project for DCP, Ramchandar residence, I have developed an intricate **3D interior model and detailed working drawings**

### DESIGN IDEA

Designing with a minimalist approach involves focusing on simplicity, functionality, and the beauty of the essential

### DESCRIPTION

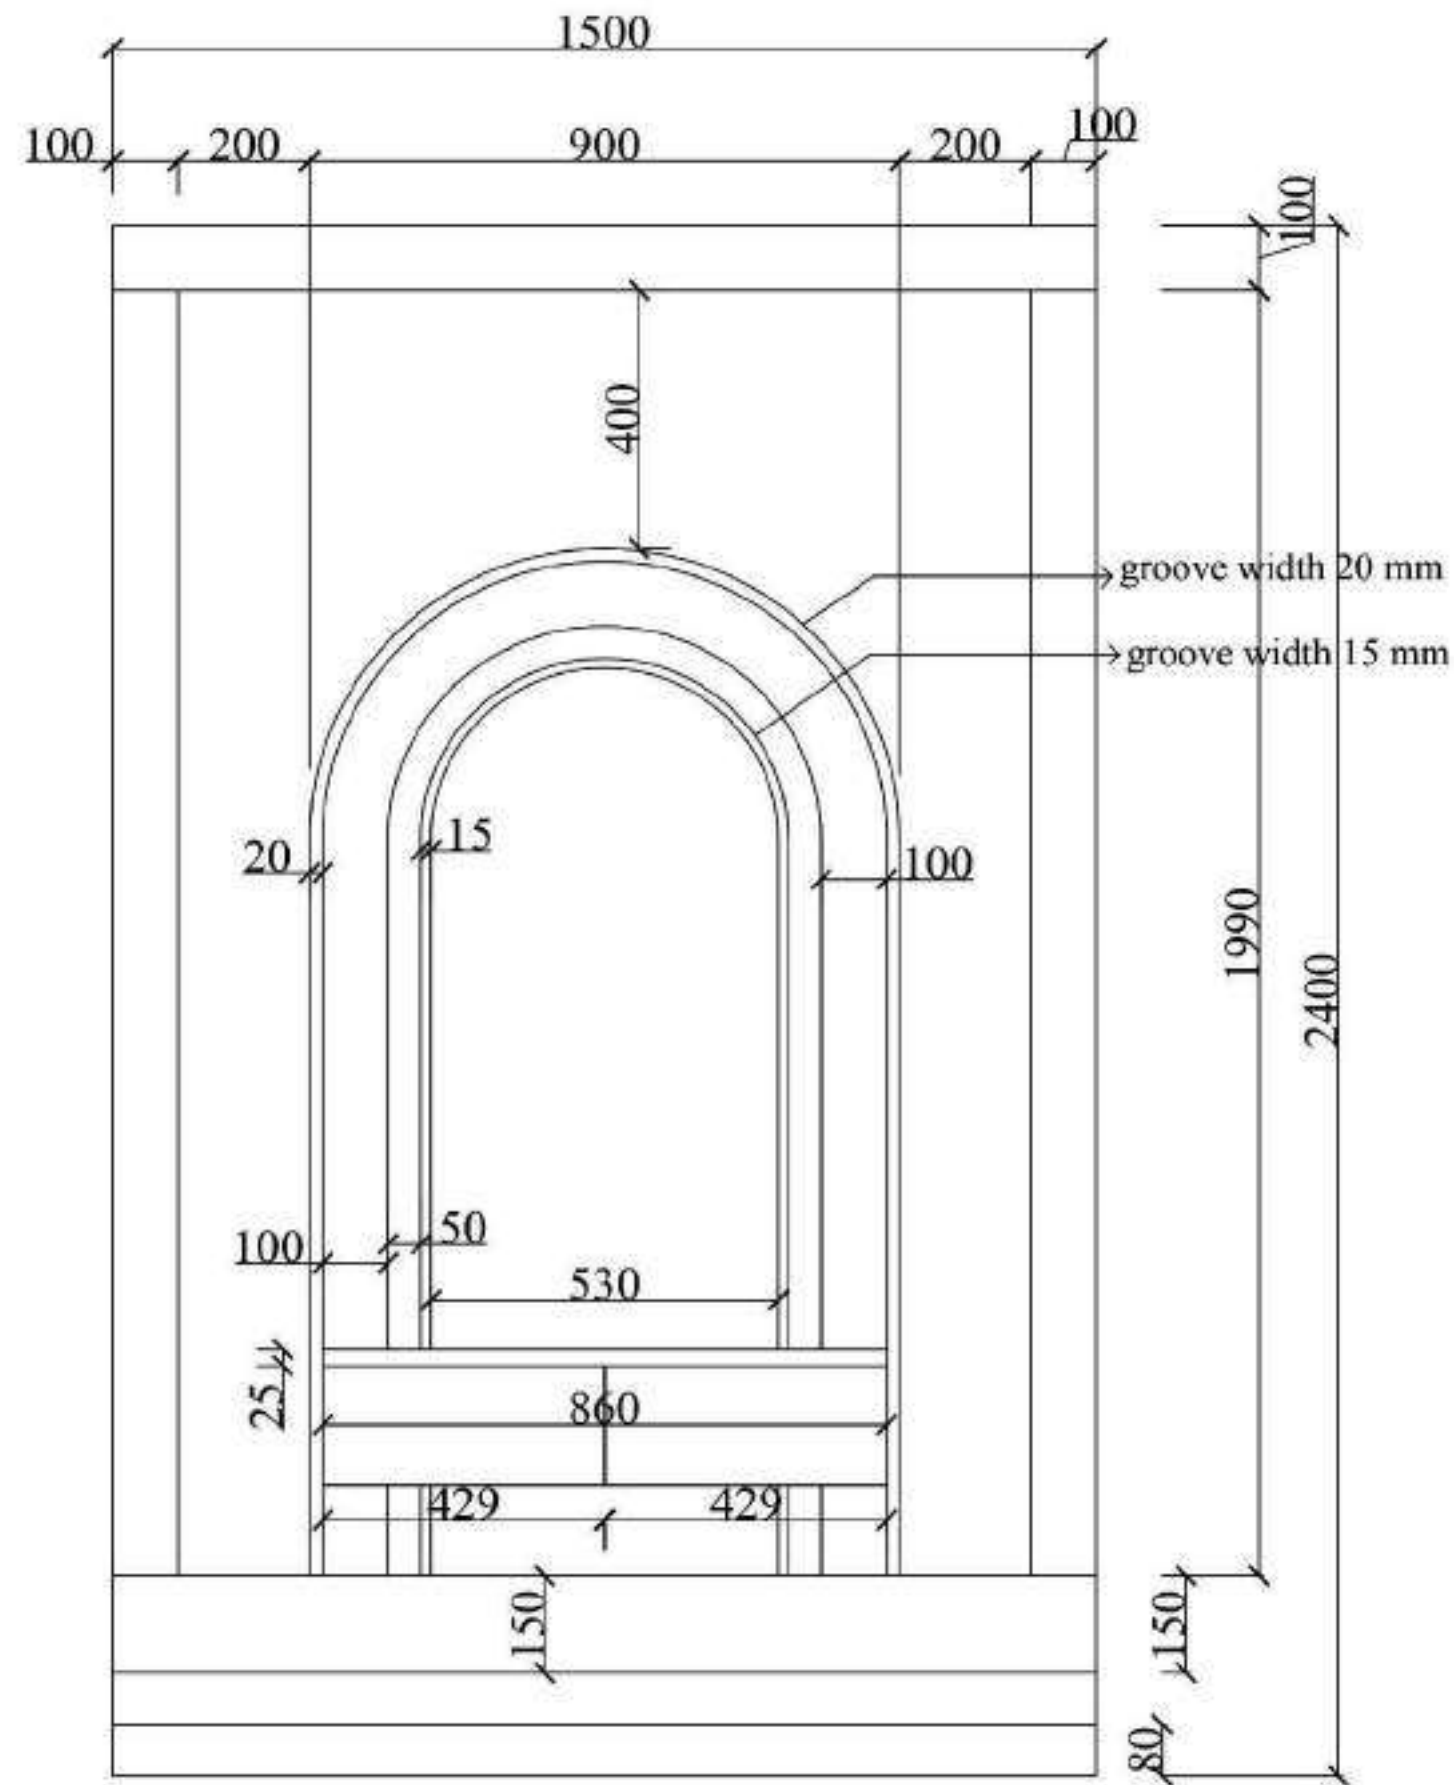

Harish Malur's Pooja room project, we're aiming to create a harmonious blend of traditional and modern elements. The design will reflect a serene, spiritual ambience with clean lines, natural materials, and subtle lighting to emphasize the sacred space while keeping it functional and visually appealing.

As part of the renovation project for harish malur residence, I have developed an intricate **3D interior model and detailed working drawings**

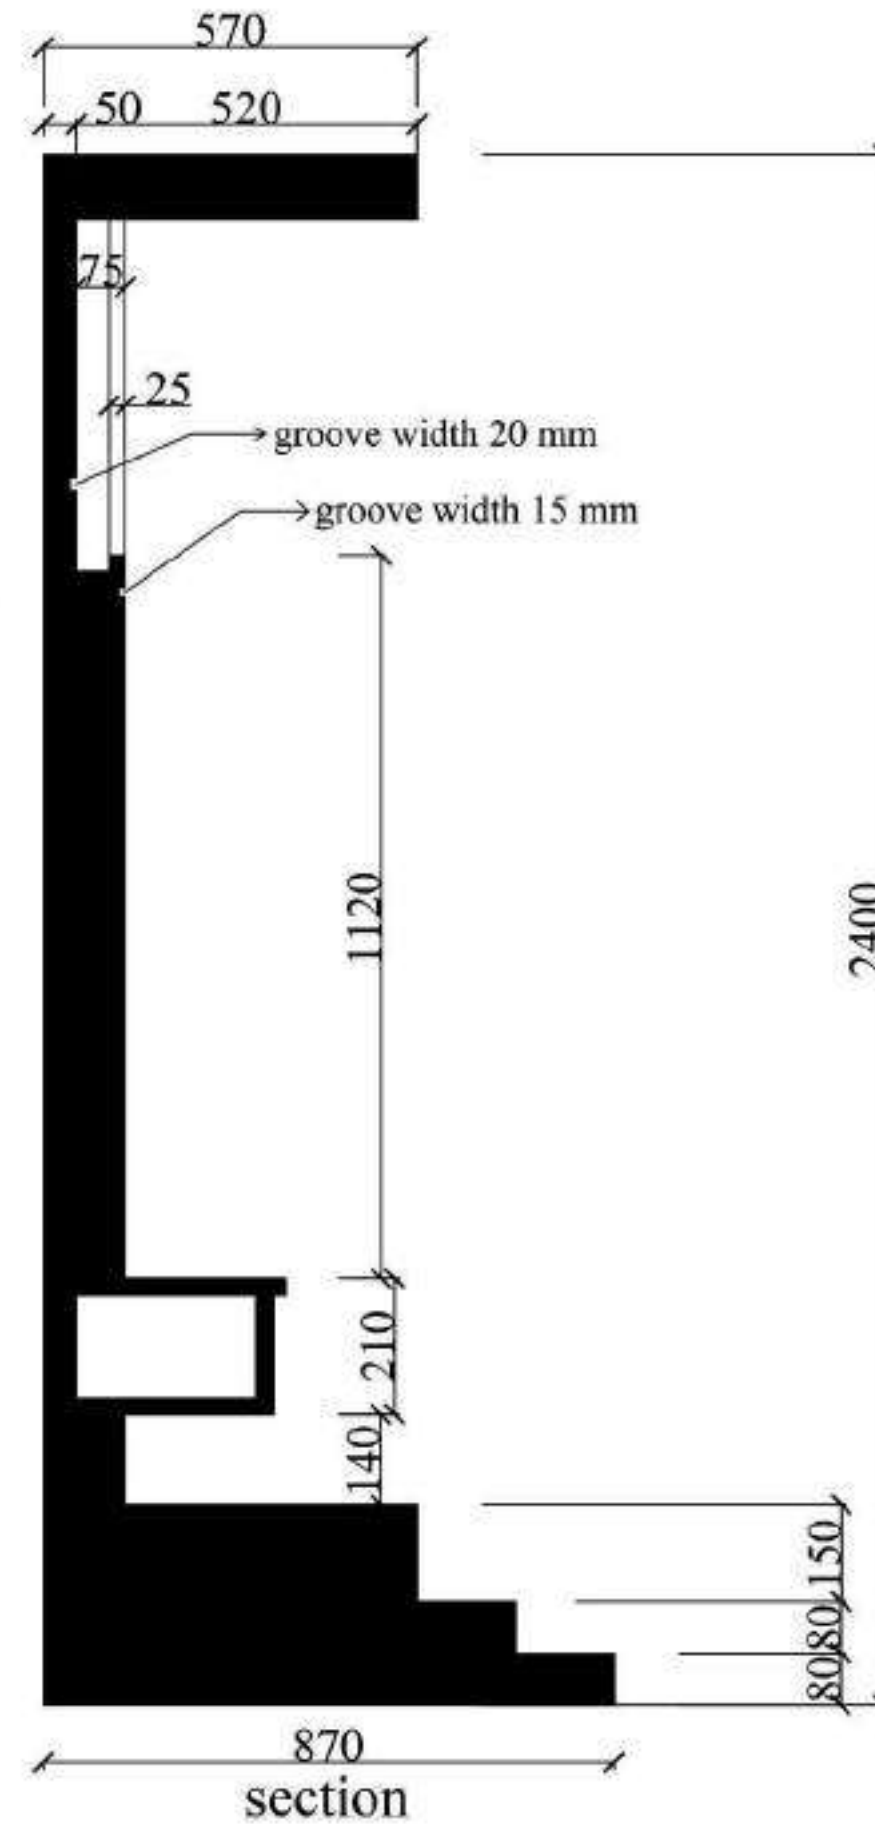

### DESIGN IDEA

Combining traditional and modern styles for a Pooja room creates a beautiful, timeless space that honors spirituality while fitting seamlessly into contemporary interiors

project - residence renovation

site - bengaluru , whitefield

### DESCRIPTION

The renovation of Kiran's residence is a comprehensive project aimed at transforming the existing home into a modern, functional, and aesthetically appealing living space. As part of the renovation project for Kiran's residence, I have developed an intricate **3D interior model and detailed working drawings**

### DESIGN IDEA

The integration of modernist principles into residence interiors creates environments that are both functional and aesthetically appealing

Modernism in architecture and design emphasizes simplicity, functionality, and the use of new materials and technologies

## KUMAR MATHIKERE

client - kumar mathikere

project - residence

site - bengaluru

### DESCRIPTION

Kumar Mathikere is a residential project that showcases a harmonious blend of modern and classic design elements. This fusion approach ensures that the interiors exude both contemporary sophistication and timeless elegance.

As part of the project for kumar mathikere residence, I have developed an intricate **3D Interior model for pooja room and detailed working drawings**

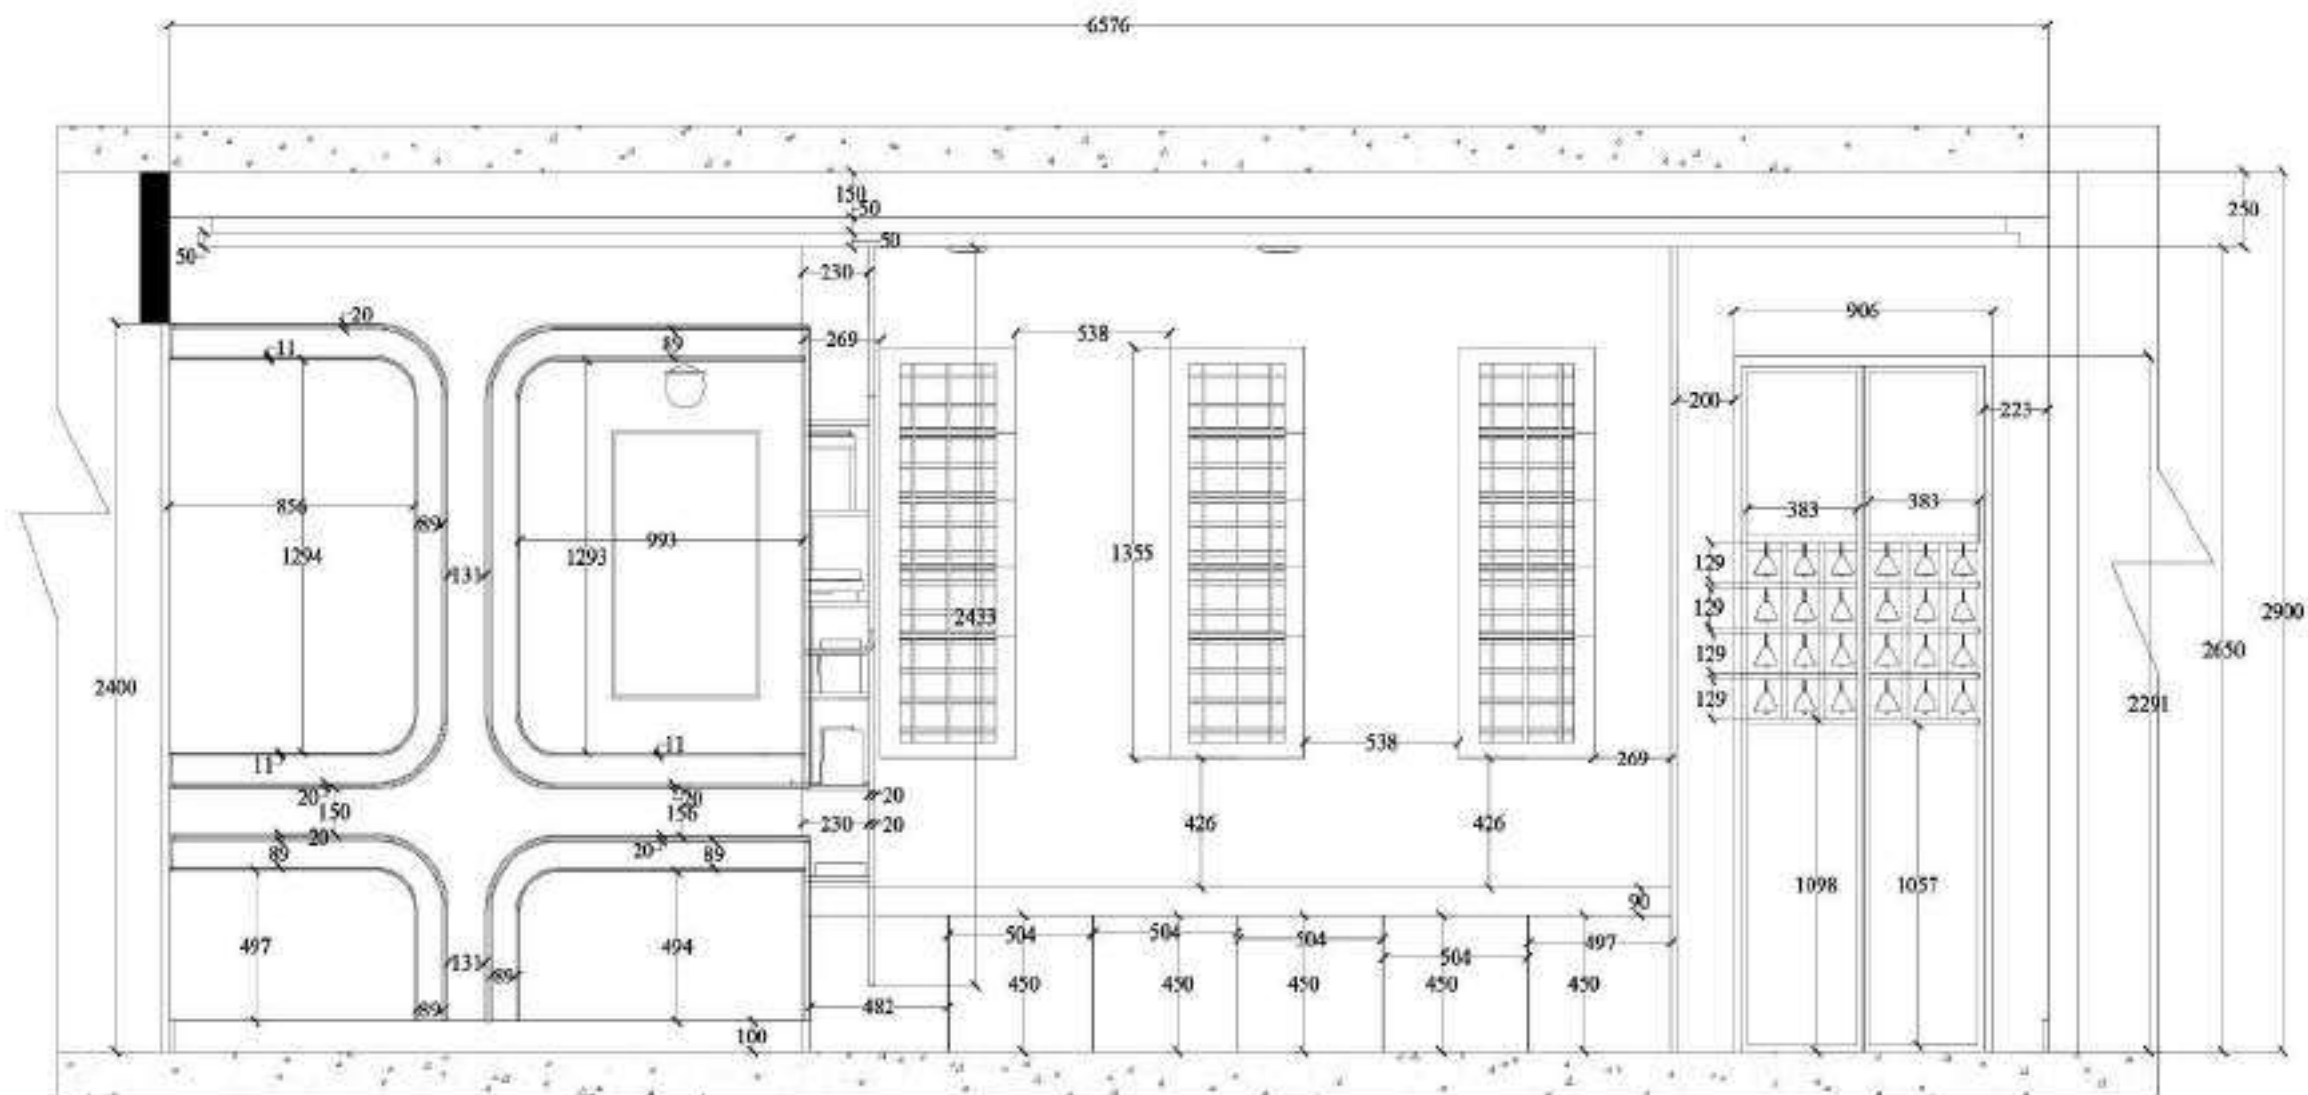

### DESIGN IDEA

The fusion of modern and classic design, often known as transitional design, combines the best of both worlds to create spaces that are stylish, balanced, and versatile.

CHEF ARCHITECT SIGN

## RENTAL HOUSES

client - kumar mathikere

project - residence

site - bengaluru

### DESCRIPTION

The Kumar Mathikere rental house project embraces a minimalist interior design that focuses on simplicity, functionality, and elegance, ideal for a rental setting. This design style utilizes an open floor plan with clean lines, neutral colors, and essential furniture pieces to create an uncluttered and spacious feel.

As part of the project for kumar mathikere residence, I have developed an intricate **3D model for Tv unit and 2D detailed working drawings**

### DESIGN IDEA

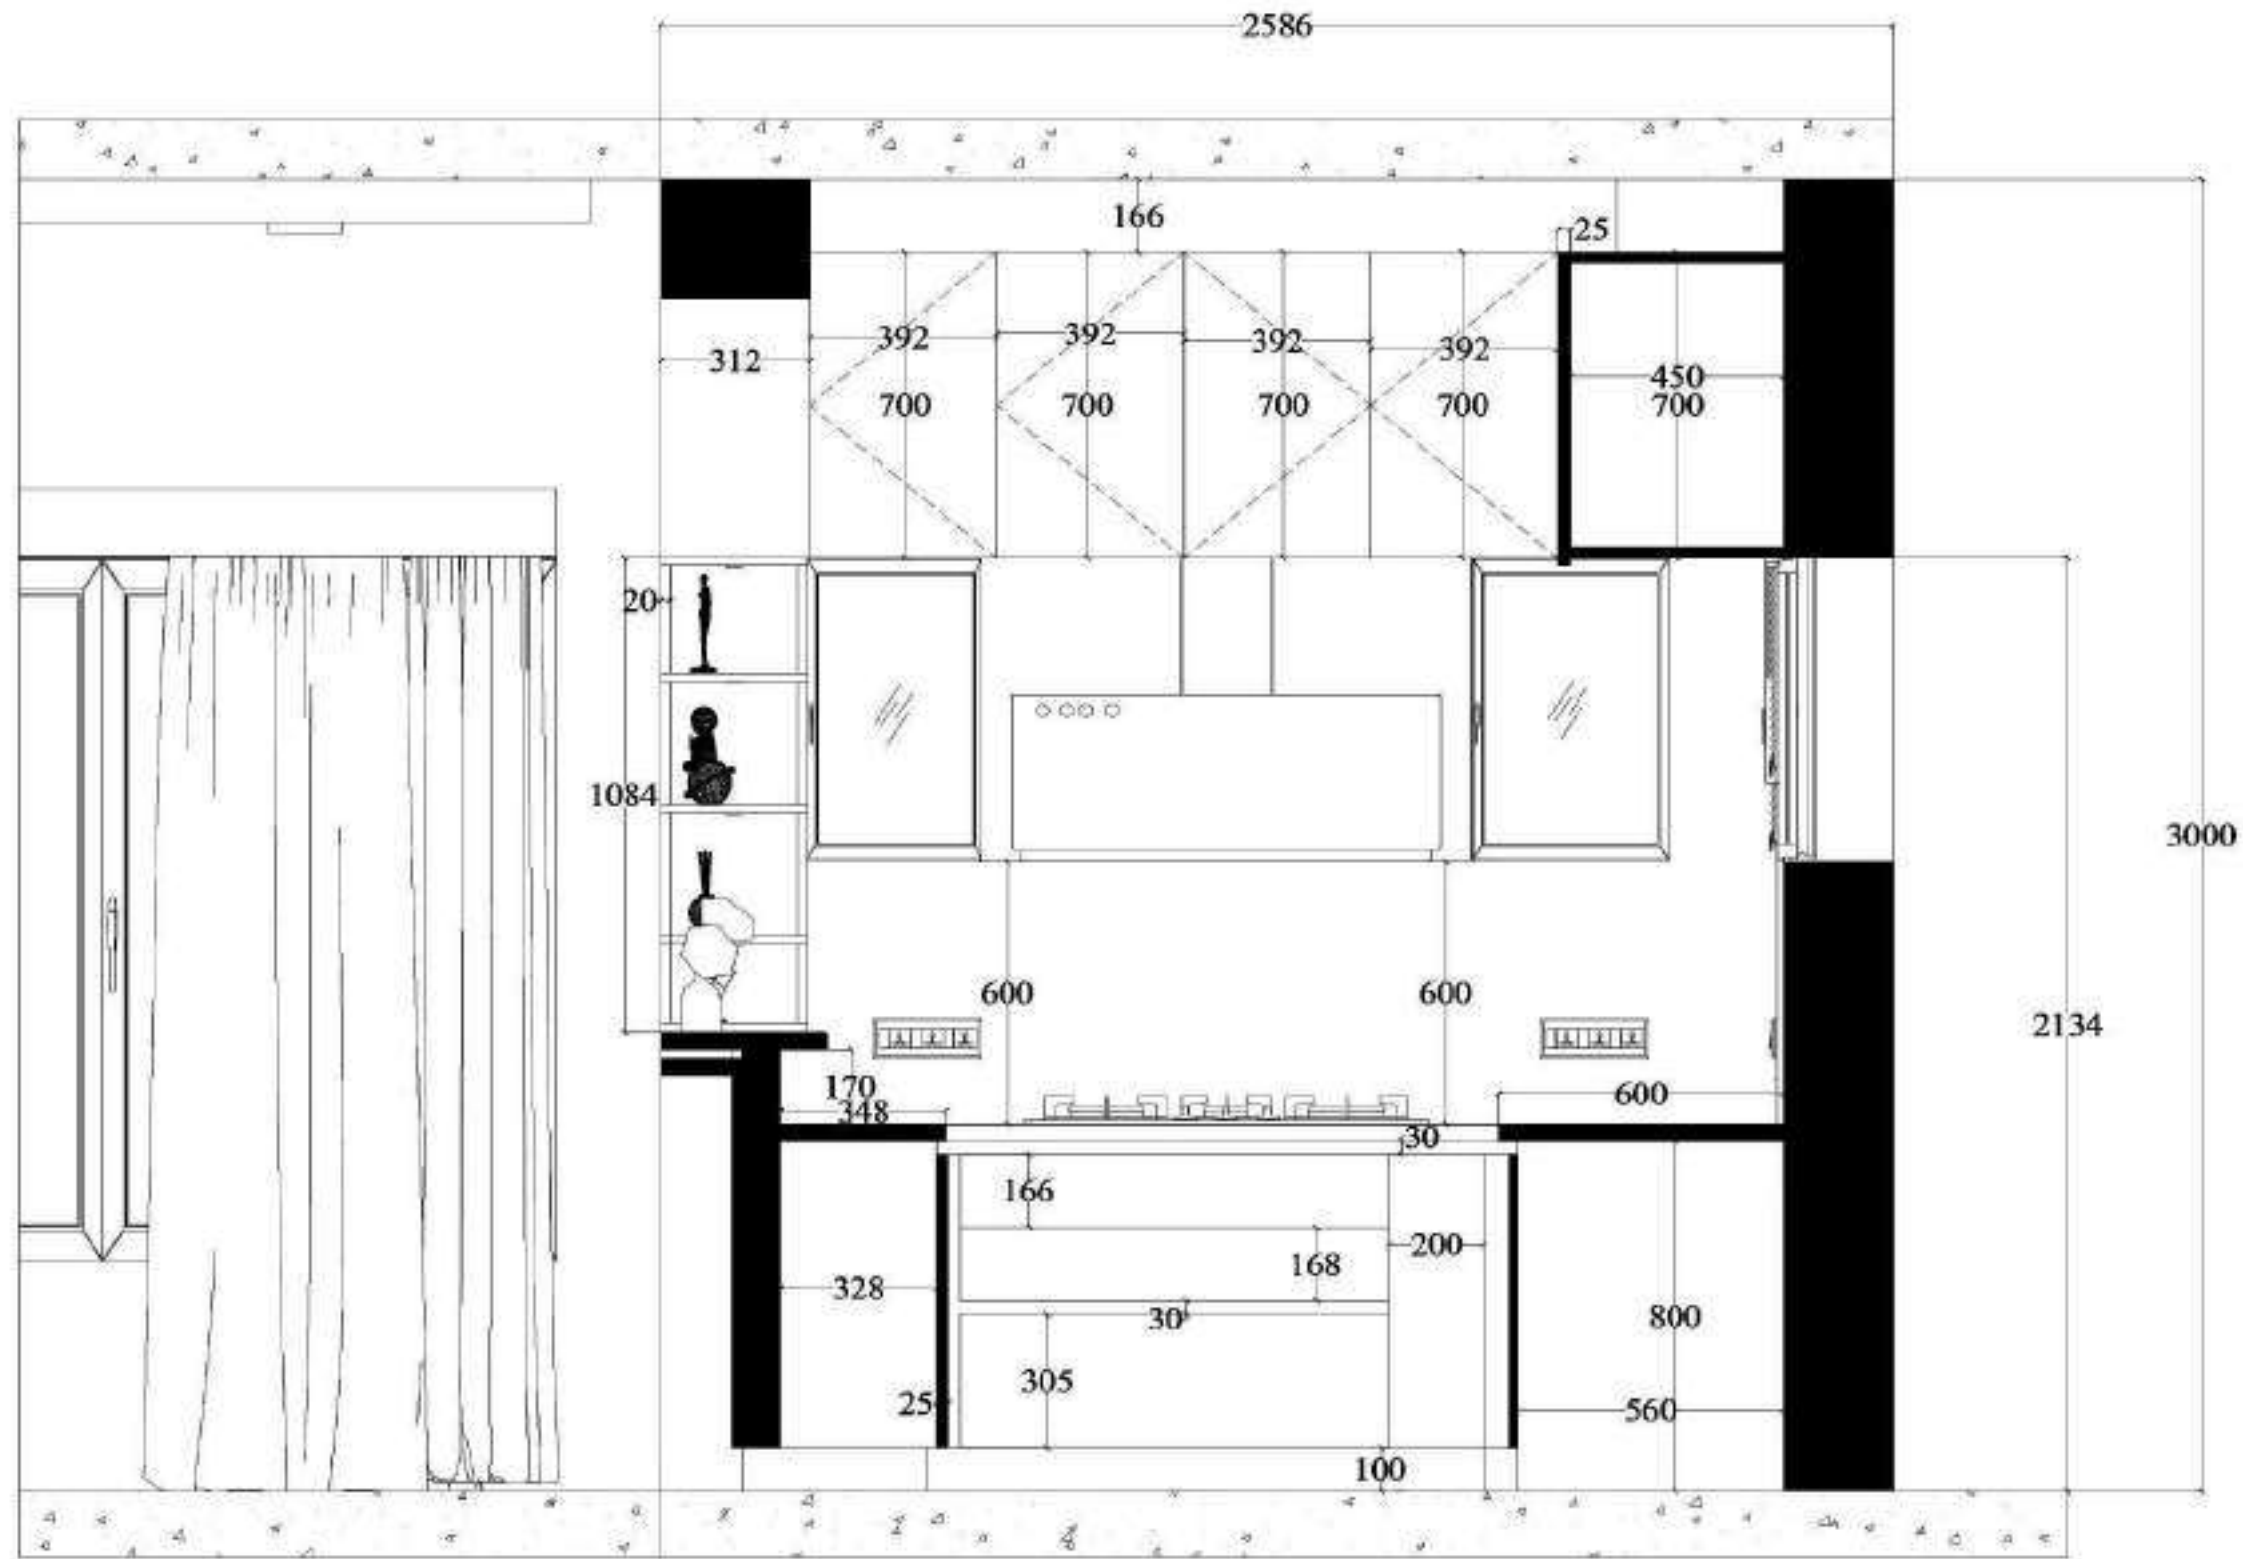

A minimalist design centers on simplicity, functionality, and clean aesthetics. This approach focuses on creating open, uncluttered spaces where every element serves a purpose.

## INTERIOR VIEWS FOR RENTAL HOUSE

## HOUSE 47

CLIENT - HOUSE 47

PROJECT - RESIDENCE

SITE - BENGALURU

### DESCRIPTION

House 47 is a residential project designed with a compact, efficient layout that emphasizes minimalism and modernism. The interiors focus on simplicity, clean lines, and uncluttered spaces, enhancing functionality within a smaller footprint.

As part of the project, I have developed an intricate **3D interior model and elevation**.

### DESIGN IDEA

This design philosophy ensures that each element serves a purpose, creating a serene, open ambiance with strategic storage and maximize the use of available space.

CHIEF ARCHITECT SIGN

THANK YOU

A handwritten signature in black ink, appearing to read "Rahim". The signature is stylized with a large, looped initial 'R' and a trailing flourish.
